I told you I really wouldn't be able to
write that much, or it would be some as last year.
But I must be able to think of a few things. I'm
glad we're still friends after all these years. And
we both are involved in the same things. (Chorus,

So I can't tell you anything you don't already know.
So just don't forget everything we have done
together. I'll see you next year around

Dedication

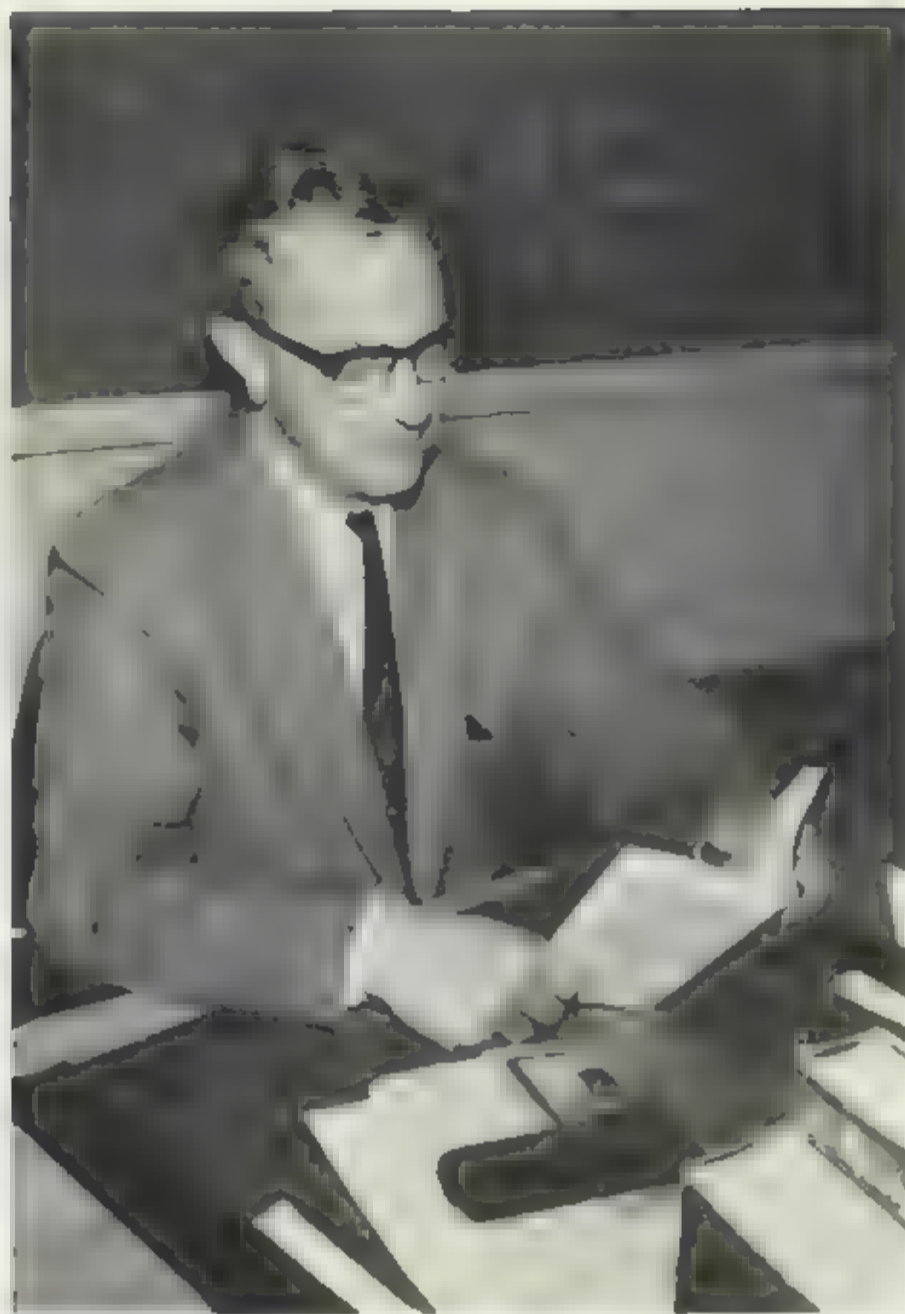

During our years at Crafton High we have encountered many exceptional people. Among them, there has been one who has had a most profound effect on us. His vast amount of diversified knowledge, combined with an interest in, and understanding of his students, augmented by a full command of his subject and a sincere desire to communicate it, has made him one of the men we respect and admire most. In a short measure of return for all that he has given us,

We, the Senior Class of 1970, dedicate our yearbook to

THE ALMA MATER

Loyal and truehearted,
Let us boast for Crafton High.
We revere her and defend her
As her colors proudly fly
We will stand for her united,
Of her deeds we'll gladly tell.
Her colors streaming,
Bright faces beaming,
So here's a cheer for her
That we all love so well
Joyous and ever loyal,
Let us boast for Crafton High,
Let every heart sing,
Let every voice ring,
There's no time to grieve and sigh
It's ever onward, our course pursuing,
Let defeat ne'er our ardor cool,
But united we will boast for her
Our Crafton High!

Juniors

We have now completed our Junior year. It has held for us many new challenges, as well as great rewards. Class rings, the Prom, the News O'Craft, and many other triumphs have added up to an all round exceptional year. The prospect of the new school awaits us, and we look toward it with a mixture of enthusiasm and apprehension, but we can never forget our years in the intimate community of Crafton High.

Sophomores

Finally risen from our freshman "shell," we rejoiced in our status, though we were constantly reminded of the meaning of the word, "Sophomore." Now prominent members of the upper classes, we looked down with the same impatience and disdain that had become familiar to us as "peeps." As sophomores, we were eligible to participate in all the activities at C.H.S., and know that we held some measure of importance in their outcome. We hope to become even more involved as Juniors, but for now we are content to call ourselves, "Sophomores of '70!"

Our Freshman year has been one of discovery. We have experienced the thrill of having a representative on the queen's court, cheering our boys on to victory, and finally becoming a real part of the Senior High. The privilege of being a member of the upper classes has brought with it the responsibility of student council, promptness at squad practice, and even realization of the importance of learning. We are looking forward to being Sophomores with the understanding that ahead of us lies the most important years of our lives.

Origin Of A Ginkgo

In 1922, just nine short years after the founding of Crafton High School, a book appeared with these words printed as the foreword:

The Students of Crafton High School herewith present GINKGO, the first Annual ever published by this school. Its Editorial Staff has aimed to recall the student activities of the past year, their serious, as well as their sentimental sides. It has been the desire of the staff through earnest effort to make this Annual one by which those of the future may be measured.

Since that time the GINKGO, and its staffs, have continued in their attempts to make each year's book progressively better, with this, supposedly, the ultimate.

As we look back on the long line of GINKGO's, it might be curious to see how this book has gotten its name. To find out, we need go no farther than the foreword of the GINKGO, 1923.

Last year when we decided to have an annual, we wished to give it an unusual name—something original. We also wished the name to be connected with the school in some way. When we first considered the name GINKGO, which is the name of a tree, we thought we had a row of them on the school grounds; but found that they belonged to the property adjoining. Mr. Wentz, a member of the school board, said that if we wished to name our book "GINKGO," he would give us a tree which we could plant somewhere on the school lawn. When the pupils voted on the names presented, "GINKGO" was chosen; and the tree was planted April 19, 1922.

And so, with this year's GINKGO, one of which joins the past with the present, we bring to a close a long succession of annuals, books which it is hoped, help to bring a sigh, or cause a laugh, but always help to remember.

Happy reminder.

Life ahead offers many uncertainties.
But throughout the years one constant remains.
Your Balfour class ring. It will never fail as a happy
reminder of the golden years you shared with your

This is a special page for Seniors to complete now. Perhaps after five, ten, or fifty years of living, you will find some haunting memories in reliving your Senior year. Perhaps you will feel nostalgic, or will smile over the inanities of your answers, or will even ruefully relive some of the worst times. Or will you recall the pride you felt when at last you could proclaim, "I am a Senior."
